CONGRESSIONAL CONVENTION.

The Republican County Congressional Convention has been called to meet on the 20th of June, and the District Convention on the 26th of July. Why was the County Convention called thirty-six days in advance of the District Convention? Let there be fair play, gentlemen, and let the best man win.

SUMNER'S SPEECH.

After a silence of four years Charles Sumner's voice is again heard in the Senate Chamber. On Monday last he launched another thunder bolt against the Slavery propagan lists. It is superior in argument and equal in eloquence to his great speech entitled the "Crime against Kansas" It is more bitter and defiant than any former effort. The bludgeon of the Carolina bully Brooks has not daunted him's pericle. He portrays the "Barbarism of Slavery" with a master's hand, but paints it in no flattering colors. The speech might be called "Sumner's Revenge." It will make a sensation among the lords of the lash from Georgetown to Galveston.

The great length of this speech (fifteen columns of fine type in the New York papers) precludes its publication entire in our columns, but we have extracted from it all the main points and arguments, and spread them before our readers in a condensed form. We have preserved almost entire his very powerful argument, disproving the Southern assumption that the Constitution recognizes "property in man." On this question mainly hinges the controversy between the Republicans and Democrats. If the construction of the latter place upon the Constitution can be established, then the slaveholders are entitled to a slave code under the Federal compact, not only for the Territories, but also for the free States. And by the same construction of the Constitution, the inhibition of the African slave trade, becomes null and void. If slaves are mere merchandise in the eye of the Constitution, the possessor of such property has only the legal right to take it under the protection of the Federal Government any where within the limits of the confederacy, or wherever the American flag floats. It is against this dastile character which the slaveholder is striving to impress upon his bondman, that the eloquent Senator strikes his heaviest blows; and we are curious to see the Democratic replication to this portion of his speech, for can overthrow the logic it employs.

The despotic portions of the speech must be pardoned. He has endured at the hands of the slaveholders that which has tried his soul with holy hate of the horrid curse which they uphold and lug to their lairs.

KANSAS.

The Democratic Senate Caucus have voted to agree to the House bill for the admission of Kansas with an amendment changing per centage and referring the Constitution back to the people for another election. This is another paltry foreshadowed in our yesterday's issue. Its plain interpretation is no one can vote, "Admission with your whole constitution, if you come in with Slavery; admission with half, if you come with Freedom; and no admission now on any terms."

ALABAMA.

The Douglas-Forsyth State Convention of Alabama appointed a full delegation to the Charleston Convention. The Regulars have appointed the Yancey delegation and accredited them to both Richmond and Baltimore. The former going stand rather lonesome chance of getting from the Ira Cook delegates from South Carolina.

THE CITY.

Auction Sale this Morning.

Chas. Langham's sale of furniture, etc., at No. 178 Randolph street, at 10 o'clock, by Gilbert & Sampson, auctioneers.

☞ For Council proceedings see fourth page. —*Journal of yesterday.*

For Council proceedings wait nearly a week.

THE ELITHORPE QUARTZ CRUSHER AND PULVERIZER.—These mills will be running *every* Friday afternoon in the rear of Higgins, Mowry & Co's. 253 Randolph st. All Pike's Peakers will do well to call over and see them operate.

WIDE-AWAKES ABROAD.—Judging from the orders our friends J. A. Smith & Co. are receiving for Wide-Awake uniforms, we should think the whole country in arms for Lincoln and Hamlin.

FACILE DESCENSUS.—The Revere House is coming down, and that rapidly. It seems too good a building for such a fate, but occupies too valuable a site not to make it poor property as it is.

TO BE REGRETTED.—We are pained to learn of the continued impaired health of Judge Barron of the Probate Court. He has been in poor health for some time past, and recently the sessions of his court have been suspended necessarily, but most unfortunately for the many interested and doing business with the same.

HESLER'S DIAMOND PHOTOGRAPH OF LINCOLN. —During the past two weeks Mr. Hesler has sold *sixty thousand copies* of his diamond photograph of Lincoln. He is printing them in sheets of fifty each as rapidly as his machinery will permit. The price is $2 per hundred, or $10 per thousand.

HAPPY TO MAKE THE CORRECTION.—We are glad to do Messrs. Weber, Williams & Yale the justice, in correcting a regretted injustice of the types. Their subscription to the Relief Fund for the sufferers by the tornado was *Twenty-five* dollars, and not five, as appeared in the list yesterday.

DROWNED.—Intelligence of the death by drowning of R. F. Gage, a young gentleman formerly of this city was received yesterday.—He was bathing in the Mississippi at Memphis, when, being seized with cramps, he went down and was seen no more. His body had not been recovered.

LIFE OF LINCOLN.—Messrs. McNally & Co., 81 Dearborn street, have now ready a neat twenty-five cent edition of the Life of Hon. Abraham Lincoln, which they will furnish by the dozen or hundred at publisher's lowest prices, or send single copies by mail, post paid, on receipt of twenty-five cents.

PAINFUL ACCIDENT.—We learn that a little child was seriously, and as is feared fatally injured, on Commerce street, near the Archer Road, on Wednesday, by being kicked by a horse. The little one was sitting upon the side walk, when the horse, which was running loose, came along, and turning suddenly, struck the child upon the head, fracturing the skull.

THE SHERMAN HOUSE.—The foundation walls of this immense structure are being rapidly but substantially laid, of a portion of the same, this basement is finished. The active and energetic proprietor is almost daily on the spot, giving his intelligent supervision to every detail, setting a commendable example to all engaged in similar enterprises. A word or two "move in" at the proper time is worth more than a volume of fault finding after the work is done.

SUIT AGAINST THE CITY.—In the Superior Court yesterday, before Judge Higgins, was on trial the cause of Charles H. Ormsby, of Lincoln, in this State, against the city of Chicago, a suit for $6,000 damages for injuries received by plaintiff in falling into an open side-walk area in front of the Saloon buildings on Lake street, during the session of the National Fair in this city. It will occupy to-day. Rucker and Page for plaintiff, King and Anthony for defendant.

SAD ACCIDENT.—An Irishman, a teamster whose name we could not learn, was taken to Mercy Hospital on Wednesday evening with his thigh fractured or dislocated. The poor fellow upset a load of lumber on which he was riding, in crossing a ditch, some twelve miles out of town. He was placed upon an ox wagon about five o'clock in the afternoon, and brought back by that means of conveyance to the city.

RECORDER'S COURT.—In this Court, yesterday, Thomas Williams plead guilty to an assault with an intent to rape.

Edward Clark was on trial, charged with stealing a cow.

The case of Riley, indicted for assault with a deadly weapon upon young Vail, in the "Lone Star" saloon on State street, was put on trial. The last two cases are pending.

THE CITY COLLECTOR'S OFFICE.—City Collector John Raber, has been for the past few days filling up a new office for his department of the city business, which is thus to occupy the old Coroner's and Surveyor's office, on the southeast angle of the second story. A well arranged and convenient office it has become, and both those who "sit at the receipt of customs" and those who pay in the same, will be the gainers. But we advise Mr. Raber to "swap" as few with the Police Court Clerk, nevertheless.

NEW MUSIC.—Messrs. Root and Cady have placed on our table a beautiful arrangement for the piano forte, by Krug, of Abt's ballad *When the Swallows Homeward Fly*—also the second number of Parker's transcription entitled "Sacred Songs without Words" arranged from Mendelssohn's Oratorios. Messrs. R. & C. have also received a new supply of the *Passage Bird's Farewell*, the second in the fine series of Mendelssohn's Two Part Songs arranged by Otto Dresel.

☞ Remember the Strawberry Festival of the Second Universalist Society, at Metropolitan Hall, to-night. Their generous manner of doing things is proverbial. The Light Guard Band will be in attendance; the wonderful fortune teller, Madame Fortuna, will astonish the crowd with her wise sayings; important mails will arrive and be distributed during the evening; grand and beautiful presents in abundance will be drawn from the grab boxes; berries, cakes, teas, luscious and tempting fruits will be abundant. Go to the festival and have a joyous time.

THE S. S. PICNIC EXCURSION TO-MORROW.—The Light Guard Band will leave the Tabernacle Baptist church, at the head of the schools, at 8 o'clock A.M. The cars leave Wells Street depot at 8½ A. M., and corner of Des Plaines and Kinzie streets at 9 o'clock precisely. To accommodate those who may wish it, A. Eckhart & Co. will accompany the excursion with refreshments. Tickets—adults 50 cents, children 25 cents; for sale at 51 LaSalle street.—Those who have been to Geneva will go of course; those who have not been ought to go.

BAUER, THE COW OPERATOR.—As a proof of the extent to which depredations of cows from our citizens have been carried, it is stated that nearly one hundred and fifty persons, losers of cows, have visited the herd found in Bauer's possession, hoping to be able to identify their own.

We learn that several parties who have been to the cow depot of Bauer, near the Four Mile House, to identify their cows, have been driven away with pitchforks and dogs. One man, Patrick Devitt, was severely bitten by a dog, which was put at him. Persons who have thus been treated are requested to give information of the Marshal's office.

Pictures of Lincoln.

Mr. Barry, a well known artist of Boston, passed through this city, yesterday, homeward from Springfield, where he was sent by a few Massachusetts Republicans to make a crayon portrait of Mr. Lincoln. We were permitted to see his work, and can cheerfully testify to its correctness as a likeness, and to its rare merit as a work of art. It is to be published at once by a well known Boston house.

Ed. Mendel, lithographer, of this city, sends us a likeness of Lincoln, cabinet size, gotten up by himself, which is a very pleasing and striking picture—far superior to any thing in the way of a lithograph which we have seen. Many of Mr. Lincoln's friends regard it as by far the best portrait of him that has yet been published; but though we cannot give it such unqualified praise, we do not hesitate to recommend it as a work of great fidelity. Mr. Mendel is ready to supply orders.

The Rustic National Chair Sent to Mr. Lincoln.

Many who attended the National Republican Convention, will remember the unique and tasteful Rustic Chair, a specimen of Michigan ingenuity, brought by the delegates from the Peninsula State, destined to be presented to the nominee of the Convention. Accompanying the same was a full description and explanation of the chair and its design, by the maker, Mr. Moses, of Hillsdale county. We are compelled to abridge this excellent description by Mr. Moses, but present enough to show the zeal and intelligence of this gentleman.

The "Irrepressible Conflict" G (as he terms it) is composed of thirty-four varieties of timber, representing the thirty-three States and Kansas, the names of which are inscribed upon the several pieces respectively.

The two main posts of the Chair are HICKORY and ASH, in commemoration of the "Old Hero" of Tennessee, and the "Sage of Ashland" of Kentucky. Kansas, with her afflictions, is represented by a limb of *Weeping Willow*; and in a similar manner appropriately throughout the whole.

The ideas and principles intended to be symbolized or represented, are:

1st. The true Democracy—the People; and the great train that all power emanates from them.

2d. Equality in privileges and responsibilities; and though all cannot hold equally conspicuous positions, yet the functions of all are necessary to the complete whole.

3d. Free Labor, the wealth of a nation,—its support in peace and defence in war.

4th. The union of the States, the union of interest; a union for strength, a union for action, a union for good.

Finally, the Chair is presented to the nominee of the National Republican Convention, as a symbolic address to impress upon him the justice and necessity of being a *National* and not a *Sectional* Executive, as the last two who have occupied that position have been.

The Chair was, by the election of the Michigan delegation, placed in the hands of Judge D. V. Bell, of this city, to be forwarded to Mr. Lincoln, at Springfield. The subjoined correspondence shows how well and satisfactorily the mission has been performed:

CHICAGO, June 4, 1860.

HON. ABRAHAM LINCOLN, Springfield, Ill.—

DEAR SIR:—By the U. S. Express of to-day, I forward to your address a "rustic chair," which, at the request and with the compliments of the maker and donor—Mr. J. D. Meese, of Osseo, Hillsdale Co., Michigan—I have the honor to present for your acceptance. This chair was expressly made for the person who should be nominated as a candidate for the Presidency by the National Republican Convention, and during the session of the body it held conspicuous place among the seats of honor in the great "Wigwam," where it was deposited by the Michigan delegation.

It is, as will be seen on examination, composed of thirty-four different kinds of wood, appropriately labelled, and symbolizing the thirty-four States of the Union, including Kansas, which are respectively represented; the whole ingeniously combined in a structure, which, though rude in form, may be considered an emblem of the "Chair of State," which, through the united suffrages of your fellow citizens, it is believed you are destined to occupy.

On behalf of the donor I respectfully ask your acceptance of this token of his patriotism, and with profound admiration for your personal character, and an ardent love for the great principles which you represent, of which you are the acknowledged representative, I have the honor to be, dear sir,

Most respectfully, your ob't servant,

D. V. BELL.

P. S.—I enclose Mr. Meese's description of the chair, and statement of the ideas and principles intended to be symbolized in its construction.

SPRINGFIELD, Ill., June 5, 1860.

JUDGE D. V. BELL:

MY DEAR SIR: The chair which you designate as the "Chair of State," is duly at hand and gratefully accepted. In view of what it symbolizes, might it not be called the "Chair of State and the Union of States?" The conception of the maker in a pretty, a patriotic and a national one.

Allow me to thank both you and him much, for the chair, and more for the sentiment which pervades its structure.

Your obedient servant,

A. LINCOLN.

Congressional Map.

Llew. Curry of this city has got out a very useful political map of the United States. It is called "Curry's Congressional Map." Each Congressional District is numbered and separately colored. The name of the sitting Member is printed on the district, with the majority he received. His politics are designated by a capital letter, thus: R. for Republican; D., Democrat; A., American; A. L., Anti Lecompton.

She names of the Senators, their politics and time to which they were elected, are all printed on their respective States. Each county in the United States has been named; also the principal rivers and cities. The map is executed in good style and is of convenient dimensions.

Every politician should have one of the maps, as he will have constant occasion to refer to it during the pending campaign.

Meeting of the Board of Trade.

Yesterday morning, a meeting of the Board of Trade was held at their rooms, in relation to relief for the sufferers.

J. C. Wright, Esq. announced that Rev. Mr. Collyer, the Minister at Large, had consented to be the bearer of the subscriptions of the Board, and would depart last evening. The following letter, to be taken by Mr. Collyer was read:

GENTLEMEN:—The undersigned, as the Committee of the Board of Trade of the City of Chicago, beg leave to introduce to you the Rev. Mr. Collyer, of the Ministry at Large of this city.

Mr. Collyer visits your city and the scenes of suffering, occasioned by the recent visitations of an all wise Providence, to express the heartfelt and sympathy of the members of this Board in the misfortunes which have fallen so suddenly upon so many of our fellow beings, and as far as possible to administer to the wants of the unfortunate sufferers.

The sum of money of which he is the bearer was contributed by the members of this Board, whose names are herewith transmitted to you, with modestly solicit recognition.

Mr. Collyer has long been familiar with the delicate task of relieving the wants of those who are unaccustomed to look to charity for the necessaries or fashion, and will most cheerfully, as the representative of this Board render your Committee any assistance in his power.

I. Y. MUNN, C. F. WHEELER, R. McCHESNEY, J. C. Wright, Geo. Watson, Committee of Board of Trade.

Those who are Curious to witness the wonderful perfection to which A. Ohewa (late manager at Batchelor's, N. Y.) has brought the manufacture of Wigs and Toupees, are invited to visit his Wig and Hair Dressing Rooms, at No. 100 Lake street and examine these curious productions of art. No scrutiny can detect the artificial from the natural when adjusted to the head.

Dyspepsia.—This is a very distressing complaint, and gives the patient more suffering than almost any other disease; in fact it is a combination of many complaints in one. The symptoms are numerous, all are of the nature of almost all other complaints combined. From this fact arises the very many cases where the disease is mistaken for some other, and so improperly treated. The first symptoms—indigestion, flatulency, loss of appetite, heartburn, headache etc., if neglected, almost always awaken some dormant disease, and send the poor sufferer to a premature grave. What you must first do is cleanse the blood and regulate the bowels; do this with the "Mountain Herb Pills," and you can bid defiance to Dyspepsia. Mountain Herb Pills are sold by all Medicine Dealers. my16-1m

Congress Water.—Much spurious mineral water has been imposed on the public as "CONGRESS WATER" by unprincipled persons or counterfeiters, who, when they dare not use that name, call it "Saratoga" Water; which many persons suppose to be the real article of the Congress Water, although it is only the name of the town in which the Spring is situated. To protect the public from such impositions, we have ALL our Corks Branded thus:

CONGRESS C. W. WATER.

Any one not having those words and letters on the Corks, is a counterfeit; and the purchaser should prosecute the seller for swindling. Orders will receive prompt attention if addressed to us at Congress Spring, Saratoga, New York, or at our Southern Depot of Congress Water in New York city. THE GREATEST WONDER OF THE NINETEENTH CENTURY.

Prof. Wood's Hair Restorative.

Says the St. Louis, Mo., Democrat: Below we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, MAINE, Jan. 20, 1858. Professor O. J. Wood & Co.—Gentlemen: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite grey, probably one-third white; my whiskers were of same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the grey or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy than it has been before for twenty-five years. I am now sixty years old; my good wife at the age of fifty-two years, has used it with the same effect. The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am truly yours A. C. RAYMOND.

BALTIMORE, Jan. 23, 1858. WOOD'S HAIR RESTORATIVE. Professor Wood—Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure. FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved. WM. DYER.

BROOKFIELD, Jan. 12, 1858. Professor Wood—Dear Sir: Having made a trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair, which was becoming grey, to its original color. I have used no other article with anything like the same pleasure or profit. Yours truly, J. K. BRAGG.

The *Prince Albert*, with Liverpool dates to the 25th, was telegraphed this morning, reporting Flour dull, Wheat quiet, and Corn very dull. The effect of this news was to cause a depression in the Corn market, which opened at a decline of 1c; but owing to light receipts, as well as more hopeful news from New York and Buffalo, the market rallied, and closed firm at yesterday's quotations. About 90,000 bushels were sold—fully one-half for immediate shipment—at 50c for River Mixed f. o. b.; 47½c for No. 2 Canal afloat; 47½@48½c for No 1 in store; 45@45½c for No. 2; and 40@41c for Rejected. Wheat, under the influence of the steamer's news, also opened dull, and a decline of 1c took place, at which there was an active shipping demand, with sales of about 55,000 bushels, at $1.06@1.07 for No. 1 Spring in store; $1.05@1.05½ for No. 2 Spring; and 90c for Rejected. Flour was quiet and unchanged, with sales of fair to choice Spring extras at $4.95@5.25. Oats were in good shipping request, and the market was firm at 29c in store, at which figure about 9,000 bushels were sold. Rye 70c. Barley dull—limited sales being made at 65c for No. 1 on track. Highwines inactive, with small lots selling by distillers at 18½c. Small sales of three quarter to full blood Wool were made to-day at 35@37½c. Hides steady and quiet.

Freights are more active, but rates still rule low. Four or five vessels were engaged at 3c for corn to Buffalo, and 3½c for wheat. A propeller was also engaged at 3½c for wheat to Port Colborne.

New Winter Wheat.—Mr. Howard Priestley offered for sale on 'Change, to-day, about 200 bushels new Red Winter Wheat, of very excellent quality. It was raised by E. Leavenworth, Dongola, Union co., Ill. This is exactly one month earlier than the first lot received in 1859, and one month and seventeen days earlier than in 1858. It was held at $2 00 per bushel, and will probably be sold at that figure to some of our millers.

"Como Mills."—By an advertisement, which appears in another column, it will be seen that the fine flouring mill at Como, in this State, is for sale. The brand of flour which is manufactured at this mill has a good reputation, and the point is one of the best in the West. To those desirous of embarking in the manufacture of flour, it is a good opening.

Freight Engagements at New York—June 5.—For Liverpool there is a large extent of room on the berth, and rates are very heavy, owing to the small receipts of produce down the North River, and shippers being enabled in consequence to hold off for a decline. There are a dozen or fifteen ships now taking freight for Liverpool, or nearly ready to do so. Room for Corn in bulk was offered to-day at 7d, without being taken—4,000 bu Corn were shipped in bags at 7¾d; 80 bxs Bacon, 22s 6d; and we believe 5,000 bbls Tar were shipped at 2s 9d per barrel.

Receipts at New York—June 5.—22,527 bbls flour, 18,634 bu wheat, 113,023 bu corn, 8,748 bu oats, 1,144 bu rye.

Summer Curing.—The Cincinnati *Gazette* of yesterday says:

The business of summer curing has commenced fully, in the pork trade. Two are in operation, and a large number of hogs will, in this way, be disposed of during the season. There is a good demand for the latter at $5.00@5.25 gross for corn fatted. Slop fed sell at $4.50@4.75.

Hay in Cincinnati, June 6.—The supply has been ample, during the week, and the market dull, and towards the close prices declined $1 per ton, prime Timothy in bales selling at $14@15, on arrival, and inferior hardly salable at $10@12. Prime sells from wagons at $16@18, with a good supply.

Hay in New Orleans, June 4.—Some 2,500 bales Western have been sold at $25@28 50 for ordinary to prime, including a flatboat load of 140 tons at $27 per ton.

Hay in St. Louis, June 6.—Market dull but maintained. Sales 50 bales at 85c, 86 do at 87½c, and 50 do prime at 90c.

St. Louis Markets—June 5.—The *Republican* of yesterday says:—

There was a dull market generally, as on yesterday, particularly in Breadstuffs, notwithstanding the difference that receipts, under that head, were much less to-day. Corn was again lower, from unfavorable advices from the Southern markets; and Wheat was unsettled, but, in the main, lower. Oats were inactive; and in Flour there was so decided a dullness, that we have scarcely anything to report.

Boston Sugar Market.—The market for sugar has been quiet since our last, but prices have been firm, and holders decline selling except at full previous rates. The transactions comprise 200 to 300 boxes Cuba yellow at 8¼@9c, and 250 hhds Cuba Muscovado at 7@7¾c, 6 mos. A late importation of 17,872 bags Manila was on account of refiners. Portland sugars were steady at 7@8c, 4 mos, as to quality. Refined sugars are selling at 10½c for crushed, powdered and granulated, and 8@9½c for coffee crushed. By auction, 205 boxes Havana, damaged, at $7 50@$8 55 per 100 lbs, cash. The stock of sugar in first hands May 31, as made up by John A. Emmons, broker, was as follows:

	1860.	1859.	1858.

Sugar in Philadelphia.—The *North American* of Saturday says:

Sugars are firmly held, but the difference in the views of buyers and sellers has had a tendency to limit operations, which only reach some 400 hhds, at 6¾@7c for Cuba, 6¾@7½c for Porto Rico, and 6¾@7¼c for New Orleans on time. The following is the stock on hand to-day, made up by Messrs. Field & Keehmle, brokers, of this city:

Boston Leather Market.—Johnson and Thompson's Circular of the 1st inst., contains the following:

Rough leather continues only in moderate request; our highest quotation is obtained with difficulty only for small parcels of the very best quality. More than an average supply has come forward during the month; and the tendency seems toward an accumulation. Rough Calf.—The demand for this article during the past month has scarcely been so active as it was during the preceding months of the present year; and the tendency of prices seems a little downward. The usual monthly supply of skins has come forward, most of which have found purchasers; but as curriers still complain of the difficulty of realizing a profit from their finished stock, and as a good many new skins will be offered for sale, it is feared that prices may rule lower. Sheep Skins, both bark and Sumac tanned, have come forward during the past month more freely than usual, and some accumulation has taken place. The demand has been somewhat limited, and the market for these articles is less firm than it was a few weeks ago. Sole Leather is in fair request, with an ordinary supply on hand. We have no change to note in prices. Curried Stock is not brisk. Sales of various parcels have, however, been effected within our limits. There is little or no demand for split leather, and prices remain nominal.

Exports at New York last Week.—We annex a comparative statement of the Exports (exclusive of specie) from New York to foreign ports for the week and since January 1:

This Export statement is very favorable, showing an aggregate of over two millions. Among the articles exported are 20,000 bushels Corn, and 125,000 bushels Wheat to Liverpool; 5,800 bbls Flour, and 80,000 bushels Grain to Ireland.

Freight Engagements at New York.—The New York *Tribune* of Wednesday reports as follows:—Freights opened rather lower, but recovered partially ere the close. To Liverpool—30 boxes Bacon (per steamer) at 35s.; 200 tcs Beef at 4s.; 3,700 bbls Flour at 1s. 5d.; 24,000 bushels Wheat at 7@7½d. in bags, closing at the latter rate; 55,000 bushels Corn at 6¼@6½d., in bulk, and 6¾@7d. in bags. To Glasgow—150 bbls Pork at 3s. 6d.; 50 boxes Bacon at 35s.; 1000 bushels Wheat, in shippers' bags, at 7½d.

Toledo Markets, June 6.—In the market to-day there was a little more activity than heretofore in wheat, and a few sales of flour. Flour—Sales 100 bbls "Corn City" [illegible]; 200 bbls extra at $5 40; 50 bbls "Family" at $5 85; 50 bbls at $5 25; 50 bbls at $5 50. The British Corn Trade.

[From the Mark Lane Express, May 21st.]

The continuance of mild weather, with a heavy fall of rain during the past week, has given a sudden luxuriance to all vegetation. The grass lands have wonderfully improved—producing a fall in hay; and the wheat plants that have survived the rough winter have greatly rallied. Still the vacancies occasioned are further perceptible, and as no more rain is wanted for this crop, there is some danger that the straw will exceed the cereal produce. Spring corn has now every prospect of a good yield, with a continuance of genial weather. In Scotland, however, the rain has been cold and sweeping, and graziers have too hastily turned their stock into the fields. The wheat trade, with small supplies, has continued looking up. Many markets have risen fully 1s per qr., and the week has closed with much more firmness than it commenced. The stocks of good foreign still being low, and the holders of English firm, their disposition to sell will be influenced by the weather; while the fact that we have all along maintained that last year's crop was defective, will tell its own tale as the season advances. The late rise on the continent has received a slight check by English advices and the improvement in the weather. Algiers and Spain, with a propitious season and advancing crops, show some decline in prices. So, also, do France, Belgium and Holland slightly; but Germany, with small stocks, is only calm in expectation of the reaction in the English markets. This had already commenced; and, though the Danubian ports are rather discouraged, as well as Odessa, reports of damage to the growing crops in Southern Russia by locusts, have imparted firmness to holders. In the American markets there has been very little change.

The arrivals off the coast since the 10th of May were forty six cargoes, of which nine cargoes were wheat, twenty-five maize, and ten barley.

The sales noted last week were 105,368 qrs. wheat at 52s 6d, against 93,805 qrs. in 1859.

THIRTY-SIXTH CONGRESS—FIRST SESSION.

Washington, June 7.

Senate.—A large number of House bills were reported upon.

Mr. Bright moved to take up the resolution fixing the day of adjournment, but withdrew it subsequently.

Mr. Bingham moved to take up the veto message of the President in the case of Arthur Edwards and his associates.

The bill was to allow Edwards & Co. for mail service on the Northern Lakes, and was vetoed by the President because the charges allowed were extortionate.

Mr. Green opposed and Mr. Bingham advocated the bill.

The question being taken shall the bill pass notwithstanding the President's veto, it was lost, by yeas 18, nays 38.

Mr. Bright renewed his motion to take up the resolution fixing the day of adjournment. The resolution provides for an adjournment on the 18th of June.

Mr. Cameron hoped no Republican would vote for an adjournment until the Tariff bill was acted on.

Mr. Bigler took the same view.

Mr. Wilson opposed the resolution. The Senate was not in a condition to adjourn and it could not do so in justice to the public interests.

Mr. Brown thought it their duty to stay and attend to business.

Mr. Bayard made a report on the petition of F. B. Sanborn, asking to be relieved from obligation to appear before the Harper's Ferry Committee, and asked that the Judiciary Committee be discharged from the further consideration of the said petition.

He was as ready to meet the tariff question as all others.

Mr. Green thought neither House prepared to adjourn. He had hope of getting up the Pacific Railroad bill and disposing of it this session.

Mr. Hale advocated the resolution.

Mr. Seward moved to lay it on the table. Lost. Ayes 23; noes 36.

Mr. Bigler moved as an amendment, to adjourn on the 27th.

The subject was further debated by Messrs. Fessenden, Cameron and others.

Mr. Cameron moved to postpone the subject till to-morrow. He said it had been promised by the Democrats of Pennsylvania that we should have a tariff bill this session. He believed his colleague honestly made this promise.

Mr. Bright thought they could get through by the 18th.

Mr. Bigler's amendment was negatived.

The resolution was then adopted. Ayes, 29; noes 27, as follows:

Ayes—Messrs. Bayard, Benjamin, Bragg, Bright, Chesnut, Clark, Clingman, Crittenden, Davis, Fitch, Fitzpatrick, Hale, Hammond, Hemphill, Hunter, Iverson, Johnson of Arkansas, Johnson of Tennessee, Kennedy, Mallory, Mason, Powell, Pugh, Rice, Sebastian, Slidell, Thompson, Toombs, Wigfall.

Noes—Anthony, Bigler, Brown, Cameron, Chandler, Collamer, Doolittle, Durkee, Fessenden, Foot, Green, Grimes, Gwin, Hamlin, Harlan, King, Latham, Nicholson, Polk, Seward, Simmons, Sumner, Ten Eyck, Trumbull, Wade, Wilkinson, Wilson.

Mr. Wade moved to take up the Kansas bill. Lost. Ayes 27, noes 32—a strict party vote, except Messrs. Bigler and Pugh voted with the Republicans. Mr. Douglas was paired off with Mr. Clay, and Mr. Crittenden with Mr. Johnson of Arkansas. Messrs. Kennedy and Saulsbury were absent or not voting. With these exceptions all the Republicans voted aye, and the Democrats no.

The Army bill was proceeded with, without taking the question, at 5.30 P. M.

Various amendments were discussed; one, by Mr. Brown, fixing the term of study for classes this year and hereafter, entering at West Point, at 5 years for the lower class and 4 years for the higher class, was adopted; as was one by Mr. Iverson providing for the payment of interest in the settlement of accounts of States which have advanced money to the General Government for military purposes. Ayes 28, noes 17. Mr. Johnson of Arkansas moved a reconsideration after debate. Without taking the question, Senate adjourned.

House.—The House continued in session, endeavoring, with the aid of the Sergeant at Arms, to get together a quorum, until 10 o'clock this morning, when a quorum being finally obtained, it went into committee on the Fortification bill, Mr. McKean of New York, having the floor.

Mr. McKean made a speech on the slavery question.

After some uninteresting debate the House at noon adjourned till Friday.

From New Mexico.

Independence, Mo., June 7.—The New Mexico mail, with dates to the 21st ult., arrived to-day. The Navajoe Indians made an attack upon Fort Defiance, a few days before the mail left, and came very near taking it, as they were not expecting anything of the sort; fortunately, by some mismanagement of the Indians, their presence was discovered, and after some fighting they were repulsed.

Trains of wagons were arriving at various points in the Territory almost daily, and business was reviving to some extent, but it was somewhat depressed.

Six companies of soldiers are on Red river, on the look-out for Indians.

A passenger came to Fort Union with the mail, who stated that he had orders from Col. Fonteleroy to the troops not to attack the Indians if it could possibly be avoided.

Six companies also left Pawnee Fork on the 1st, on a scout, and if they do not receive countermanding orders they will no doubt drive the Indians from the road or whip them into submission.

The forty dragoons that left Pawnee Fork some weeks ago to attack a band of Kiowas, returned without finding them.

This mail came through without an escort, not seeing an Indian on the road, and would have made schedule time only they traveled 5 days with an ox train.

A train of 19 wagons left here to-day for Denver City, and others are making preparations for leaving in a few days.

The news here from the gold mines is very flattering, and has created quite a stir amongst the friends of those out there.

The weather here is still dry and there is no prospect of rain.

The Japanese Going to Philadelphia.

Philadelphia, June 7.—The most extensive arrangements are being made for the reception of the Japanese. It is the great topic of the people. The Japanese will arrive about 3 o'clock Saturday afternoon, and will be received by a large body of military. The Committee of the Council are holding daily meetings. They intend giving the public every opportunity of observing the strangers. Open barouches will be employed for the Ambassadors. The 1st City Troop and Black Hussars will act as a special guard. Places will be assigned in the procession for the Governor, Commodores Stewart and Reed, and the Judges of the several Courts. A torchlight procession of the firemen and a trial of the steam fire engines is contemplated. The Ambassadors have accepted an invitation to a matinee at the Academy of Music, to be given on Tuesday under the auspices of Wheatley & Clark, of the Arch street Theatre. The entertainment will comprise popular selections from the opera, drama and ballet.

The Alabama Convention.

Montgomery, Ala., June 6.—The Douglas Convention sent a full delegation to Baltimore to nominate an electoral ticket.

The delegates at large are D. C. Humphrey, S. C. Pasley, W. O. Winston, J. J. Fivicels, R. A. Baker, John Forsyth, A. W. Hillard and W. Garnett. There are also twenty district delegates.

The Regular Democratic Convention send delegates to Richmond and Baltimore. Those at large are F. S. Lyons, A. B. Meek, B. W. Paine, W. L. Yancey, Wm. Brooks, P. D. Smith, L. R. Walker, L. W. Lawler, and twenty district delegates.

Mr. Yancey had the floor this morning and spoke in favor of the minority platform.

Mr. Gardner, of Richmond, followed in favor of the minority platform.

Mr. Jackson, of Savannah, spoke in favor of the majority platform, and Mr. Cobb, of Washington City, closed the debate.

The vote was then taken on the minority platform and resulted, ayes 77, noes 305.

The vote was then taken on the majority report; ayes 299, noes 41.

From Mexico.

New Orleans, June 6.—The schooner Potomac, from Vera Cruz on the 13th inst., has arrived here. Messrs. Jecker & Co., bankers, had failed, causing immense losses throughout the country. M. Gabriac, the late French Minister, was in great distress, having lost all by Jecker's failure.

The diplomatic corps had suspended all relations with Miramon's government. Miramon was near Queretaro, surrounded by Gen. Uraga, with 12,000 men, and unable to escape.

Pacheco, the new Spanish Minister, had arrived.

The depositions of Capt. Turner and others, in reference to the captured steamers, are received.

Inaugurated.

Concord, N. H., June 7.—Governor Goodwin was inaugurated to-day. There was an annual military and civic display on the occasion. The Governor's Horse Guards, a new corps, was deservedly admired, composing as they do, the elite and chivalry of the State.

The Governor's Message is brief. It is mainly devoted to local affairs, of which he speaks encouragingly. In conclusion, he says that New Hampshire declares to all disorganizers and disunionists, wherever found, that she stands by the Union and Constitution as interpreted, not by any new lights, sectional clique, or party platforms, but by itself, its framers, and the precedents of all departments of the Federal Government.

From New Orleans.

New Orleans, June 7.—Jecker & Co's liabilities are $4,400,000; Assets, $700,000. They ask an extension of five years, promising to surrender 20 per cent. of their capital each year, together with six per cent interest. Their creditors refused the proposition. They were to meet again on the 28th ult.

It was reported that Uraga had met Miramon's vanguard and overthrew it.

Mr. McLane was sick. He will return home if the treaty is not ratified.

The Donaldsonville Convention adjourned to-day. The secession at Charleston was condemned. It was resolved that the Louisiana delegates pledge themselves to support the nominees of the Baltimore Convention.

Georgia Democratic Convention.

Milledgeville, Ga., June 6.—The National Democrats met in convention last night. Judge Warner presided. Resolutions were adopted reaffirming the Cincinnati Platform, declaring that property exists in the slave, and favoring the Dred Scott decision. The Convention also nominated a full delegation to Baltimore.

Murder in Cincinnati.

Cincinnati, June 7.—Henry Crowley, a teacher in the Mount Auburn Female Seminary, while escorting two ladies home from the opera house last night was attacked by rowdies at the corner of Main and Hunt streets, and stabbed in the breast, causing instant death. The murderers have not yet been arrested.

LATER FROM EUROPE.

GARIBALDI IN PALERMO.

St. Johns, June 6.—The steamship Prince Albert arrived at the Bay of Briton, at 5 o'clock on the morning of the 5th inst. She brings Galway dates of the 23d of May, and Liverpool dates by telegraph to the 25th of May.

Sicily.—Accounts from Palermo are conflicting. Garibaldi had entered the city and assumed the dictatorship. It was reported that he entered Palermo with 9,000 infantry and 2,000 cavalry, and that the Neapolitans were laying down their arms. It was also stated that Garibaldi had issued a stirring proclamation, stating that he assumed provisionally the dictatorship of Sicily. He was received with the greatest enthusiasm at Palermo. The news lacks reliable confirmation and some regard it as premature. There was a great panic at Messina among the authorities.

Official Neapolitan dispatches of the 25th of May, assert that the insurgents were beaten twice, driven from their positions and pursued, and that one of their leaders, Rosselino Puto, was killed.

Great Britain.—The proceedings in the House of Commons indicate that the Government will be unable to carry the Reform Bill through this session and they will certainly determine to abandon it.

The result of the great Derby race was sent in the telegraphic news by the last steamer. Umpire ran forward throughout the race, but came in at the end, the sixth horse, being long distanced by the winner, Thormanby.

France.—It is rumored that the Emperor of Russia contemplates visiting Paris.

It was also rumored that the *Moniteur* was about to publish a speech by the French Ambassador to the Sultan of Turkey, of an alarming nature.

Miscellaneous.—The friends of the Grand Duke of Tuscany continued the agitation at Florence, for his restoration. The Government had seized important documents, containing instructions for an insurrection in the States of the Church and Calabria. Prince Gortschakoff had issued a circular explaining the reason why the Turkish Ambassador was not admitted to the diplomatic meeting of Christians in Russia.

London, Saturday, P. M.—Consuls 95¼@95½, money and account.

The bullion in the Bank of England has increased, since the last weekly returns, to the extent of £416,000.

Michigan Republican Convention.

Detroit, June 7.—The Republican State Convention met here to-day, and made the following nominations: For Governor, Austin Blair of Jackson county; Lieut. Governor, Jas. Birney of Bay county; Treasurer, John Owen of Wayne county; Auditor, Gen. L. G. Berry of Lenawee county; Attorney General, Chas. Upson of Branch county; Superintendent of Public Instruction, John M Gregory of Washtenaw county; Secretary of State, Jas. B. Porter of Allegan county; Commissioner of Land Office, Saml. S. Lacey of Calhoun county; Member of Board of Education, Edwin Milletts of Monroe county; *Presidential Electors at Large*, H. G. Wells of Kalamazoo county, Rufus Hosmer of Ingham county. The Convention was entirely harmonious. A large and enthusiastic Republican meeting was held at the City Hall this evening, to ratify the National and State nominations.

Alarming Illness of Hon. J. L. Schoolcraft.

Albany, June 7.—Dispatches were received here this evening from St. Catharines, C. W., that J. L Schoolcraft, President of the Commercial Bank, of this city, would not survive until morning.

From Washington.

Washington, June 6.—The Democrats of the Senate held a Caucus this morning, at which they agreed to vote for Mr. Green's amendment to the Kansas bill, changing the boundaries and sending the question back to the people.

The Rivers.

LaSalle, June 7.—The Illinois River at this point has three feet of water on the bars.

Dubuque, June 7.—In the Mississippi at this place, six feet of water, and rising. Weather cloudy.

Fire in New York.

New York, June 7.—A fire to-day in Busserman's International Gallery Buildings destroyed valuable paintings worth $5,000.

Disproved.

New York, June 7.—The charges against General Ward Burnett, Surveyor General of Kansas, after a thorough examination, have been entirely disapproved.

An Ohio Schooner in England.

New York, June 7.—The Schooner J. G. Rucker from Cleveland, arrived at Liverpool on the 23d ult.

Capture of Another Slaver—The Chase—Appearance and Behavior of the Negroes—Condition of the Ship—The Passage to Key West—Transfer of the Africans to the Federal Authorities, etc., etc.

[Correspondence of the New Orleans Delta.]

U. S. S. Crusader, May 27, 1860.

As the U. S. Steamer Crusader was cruising in the old Brhama Channel, not far from Nuevitas, on the 23d of May, a square rigged vessel of moderate size was reported from aloft. We immediately stood for her, as no sail is allowed to pass us in these slaver-haunted waters; or even to come in sight, without having her character ascertained. As soon as she found herself an object of pursuit, the strange sail began to behave in such a manner as strongly excited our suspicions, and at length fairly put her helm up and ran in for the shore, thus taking the last and most desperate chance of escape. Unfortunately for her the wind was so light that she was prevented from effecting her purpose, and we rapidly overhauled her, notwithstanding that she was carrying all her canvass.

The Crusader now hoisted English colors and fired a gun to windward, when, after some delay, the bark (for such she proved to be) finally displayed the French flag at the peak. By this time, however, we were so near that we were enabled to see that her hatches were all closely covered over, and as we continued to approach we could even distinguish at intervals the peculiarly loathsome odor of a slave ship. Under these circumstances it was determined to board her, and accordingly a boat and the English ensign were lowered at the same time, and the American colors were hoisted. No sooner did the Crusader's boat leave her side than the bark hauled down her French colors, and as we subsequently learned, threw them and her Portuguese papers overboard together; so that when she was boarded she had neither papers nor colors, and was confessedly without name or nationality.

For a little while there was dead silence on board both ships, though the increasing strong ammoniacal African odor placed beyond all doubt that the bark had under her hatches a cargo of negroes. And now we began to hear a sort of suppressed moaning, which soon swelled into the unmistakable murmur of many human voices. As our boat reached the side of the bark, and the officer in charge sprang on the deck, with a tremendous shout the hatches were forced open from below, and out burst hundreds, the self liberated slaves. As they caught sight of the stars and stripes floating so near—which no doubt seemed to these poor wretches like a bright rainbow of promise—they became perfectly frantic with joy. They climbed up all along the rail—they hung on the shrouds—they clustered like swarming bees in the rigging, while rose from sea to sky the wildest acclamations of delight. They danced, and leaped, and waved their arms in the air, and screamed and yelled in a discordant but pathetic concert. There was one thing, however, even more touching than all this outcry of barbaric rejoicing. My attention was attracted to a group of somewhat more than a hundred women withdrawn apart from the shouting and noisy men. Their behavior was in strong contrast with that of the others, and was characteristic of their sex. Entirely nude, but innocently unabashed, they sat or knelt in tearful and silent thankfulness. Several of them held infants in their arms, and through their tears, like sunshine from behind a cloud, beamed an expression of the deepest gratitude and happiness. The men looked as though they had been raised from despair to the most exultant gladness.

The scene of confusion on board the bark, when the negroes found themselves released from the accustomed restraint, baffles all description. They had, of course, all been kept on a very small allowance of food and water during the passage. They first use they made of their liberty was to satisfy their hunger and thirst, which they did by breaking into the bread barrels and water casks, and then running about, eating, drinking, dancing and screaming—all at once. It mattered but little to them what sort of vessels they drank from—buckets, boxes and troughs were all brought into requisition. I even saw several fellows happy and delighted with a piece of bread in one hand and a wooden spittoon full of muddy water in the other.

As soon as their appetites were satisfied, the African fondness for finery began to show itself, and all the loose articles in the ship were employed as personal ornaments. Some fastened belaying pins to their wrists, and some strutted proudly about with copper ladles hung around their necks.

By this time, however, a detachment of marines arrived from the Crusader, and order was at once restored, and an organization established. The negroes were clothed with pieces of canvas, and the captain, supercargo and crew sent on board the Crusader as prisoners.

They made no claims or remonstrances whatever, but surrendered themselves as slavers without nationality. They stated that the bark had no name, and that all their papers had been thrown overboard with the colors. They seemed to bear their loss with philosophic equanimity. Such a contingency had evidently been regarded by them as a part of their risk, and they were not unprepared for it. The captain is a Frenchman, as is also his supercargo, and the crew are mostly Spanish, with a few Frenchmen. The negroes were selected from among 3,000 prisoners of war recently taken by the King of Dahomey. They were brought from Whydah, a large town on the Slave Coast, in the Bight of Benin, the seaport of the renowned Kingdom of Dahomey. They are much superior to the Congoes, who usually compose the cargoes of slavers, not only in physique, but also in intelligence. Nearly all are in excellent health, which is no doubt owing to the careful arrangements made for their comfort on board the bark. In number they amount to about 450, and the slave deck affords ample accommodation for them all. During a passage of 45 days from the Gulf of Guinea, seven only have died, which is certainly a very small number.

The passage from Cuba to Key West was made without any deaths among the negroes, and without any incident of interest. Barracoons have been erected at Key West for the accommodation of recaptured slaves, and our cargo will be sent thither as soon as possible. The prisoners will remain in charge of the United States Marshal, to await the result of their trial.

AFRICAN DEPOT AT KEY WEST—THE WILDFIRE'S AND WILLIAM'S NEGROES.

The *Key of the Gulf* of the 29th ult., gives the following particulars of the depot erected at Whitehead Point, for the accommodation of the negroes brought in by the Mohawk and Wyandotte:

The buildings front the shore, distant about one hundred and fifty yards from high water mark, and gives to that part of the Island quite a townlike appearance. Hence the negroes go directly down to the sea each day and bathe therein. This in itself is a means of great personal comfort, besides being a healthful exercise. The depot is 215 feet long by 25 wide divided into nine large rooms, so that the sexes are separated, as well as children from those of larger growth. In these spacious and well ventilated rooms, they eat and sleep, and during the heat of the day repose from a vertical sun. They are fed in squads of ten, seated around a large bucket, filled with rice and meat, each one armed with a spoon to feed with. Thirty gallon tubs stand in the center of each room, and they are permitted to help themselves freely to water.

The hospital is 114 feet long by 21 wide, and contains at the present time 180 patients. There are afflicted with ophthalmia, some sixty—many totally blind—with dysentery, dropsical and rheumatic afflictions as well as diseased lungs. Some seventy-three (the Wildfire's, 10 females, 30 males; the William's, 11 females, 22 males, 14 of which while on board ship,) have died, principally from those so attenuated and worn out that it was a marvel they lived as long as they did. The ophthalmia cases of the William are numerous; but those in which the eye is whole are improving under the active treatment which their case demands.

The hospital is under the charge of Doctors Whitehurst, Skrine and Weedon.

From Lake Superior—Loss of the Steamer Arctic.

[From the Detroit Advertiser, 6th.]

The steamer Fountain City, Capt. Peck, arrived from Ontonagon last night. She brought news of the total loss of the steamboat Arctic, Capt. Miller, on Tuesday of last week.

The Arctic, upward bound, struck the westernmost of the Huron Islands, Lake Superior, between Marquette and Portage Entry, at about half past six o'clock in the morning, in a dense fog, and commenced leaking. Immediate preparations were made by Capt. Miller to stop the leak and work her off, but the sea commenced making soon after, and in a short time every effort to save her became fruitless, and she went to pieces. Her engine lies in about four fathoms water, and her hull and other woodwork were broken into fragments and scattered everywhere.

The island is rock, and so bluff that one could step from her bows upon it. The passengers and crew were all safely landed, and a portion of the freight. The party remained on the island till Thursday evening, when the Fountain City, passing up, was hailed by a small boat sent out. They were taken aboard and landed at their various ports of destination. Capt. Miller and a portion of the crew came down on the Fountain City, and the remainder will arrive on the Sea Bird. The freight that was saved was also forwarded.

The Arctic was quite an old boat, and was owned in whole or in part by Mr. John Hutchings of this city. We are not apprised as to her value, insurance, or amount of freight lost, owing to the lateness of the hour of the arrival of the Fountain City.

POLITICAL ITEMS.

All the papers in New Jersey that supported Fillmore and Donelson in 1856, with the single exception of the Hunterdon *Gazette*, are now supporting Lincoln. Some of them (as the Rahway *American*, for instance,) repudiate certain portions of the Chicago Platform, and really prefer Bell to Lincoln; but, being satisfied that there is no chance for the election of the former, are determined to do nothing to prolong the sham Democratic ascendency in the general Government, they see no other course open to them but the support of Lincoln and Hamlin.

Too Large an Allowance.—The New York *Tribune*, in reply to the Philadelphia *Journal*, which paper supports the Union-saving nominations of Baltimore, says:

"It knows that at least three-fourths of all the Opposition journals in the State (Pennsylvania) are for Lincoln and Hamlin."

There are at least 150 Opposition journals in Pennsylvania, and of these, two, or at most three, support the Baltimore nominations. The *Journal*, to which the *Tribune* alludes, can scarcely be classed, however, as an "Opposition" paper, as it generally manages to play into the hands of the Democracy. Nevertheless, we count it as one of the three.

Abolition Bibles.—Quite an excitement prevailed lately in Henderson, Texas, owing to the sale there by a book agent, of several copies of the Cottage Bible. This edition of the Bible was prepared by an Abolitionist. It has copious notes whenever these notes can be made to bear on the slavery question, and they evidently are not fitted for the South. The agent was required to take back all the copies he had sold, and leave for the North at once.—*Texas Paper.*

Judge of Supreme Court.—"Ion," the Washington correspondent of the Baltimore *Sun* learns that William J. Robertson, Judge of the Court of Appeals of Virginia, is favorably spoken of for the vacancy on the bench of the Supreme Court. He is an able lawyer, and is about forty-five years of age.

—The South is outdoing Seward in its devotion to the "irrepressible conflict" and "higher law ideas." At a late Religious Convention in South Carolina, when the question of declaring slave marriages void came up, one Col. John Phillips said, after doubting the policy of agitating the question, and whether a slave could make a contract, that "He understood *that when the voice of God is heard it overrides all human law*, but he was not to be persuaded that it is reasonable to force the church into an antagonistic position to the State." Where is Mr. Seward?

Michigan Politics.—Hon. Roland E. Trowbridge, of Oakland, was yesterday nominated for Congress by the Republicans of the Fourth Congressional District. Mr. Trowbridge was a member of the State Senate, from Oakland county, during the Session of 1857 and 1859, and proved himself an intelligent, faithful and efficient legislator. He is a gentleman of popular manners, fine talent, rigid integrity, and is a practical and enterprising business man.

PERSONAL.

The last of Boker—the father of that particular Mary Ann, who married the coachman John Dean—has at length been extinguished from the mercantile names of New York, and the rural aristocracy of the suburbs. His country seat at Tarrytown, was yesterday knocked down by the hammer of the auctioneer for the portly sum of ninety-one thousand dollars. The estate contained ninety-one acres; the mansion was of stone, in Gothic style, with tower, porticos, and bay-windows. The codfish aristocracy of the town filled several cars, and all the women were frantic for a view and a purchase of the sofas, statuettes, pictures, &c &c., of the poor old gentleman who went down to his grave at enmity with his own flesh and blood, because she wedded the man of her choice. John Dean, now a clerk, in the custom house, deports himself modestly, and faithfully discharges all his duties. His wife, in their humble cottage at Williamsburgh, is a true help-meet to him, and they live as comfortably and happily together as any couple on Long Island. But then he isn't rich, and that with the snobby portion of mankind, makes a deal of difference.

—Mr. Rarey has commenced a series of farewell exhibitions in the Alhambra Palace, London. On Tuesday, the 22d ult., he was to experiment on a rather difficult subject, judging from the following description sent up with the animal. The owner says:

"I have sent up the gigantic cart-horse Captain. He is 19 hands-high, and weighs 25 cwt. (probably the largest horse in England;) has drawn six tons weight from the borough across London Bridge. He has bitten no less than eight persons, some of whom it was necessary to remove to the hospital. One man is selected to attend him, and is always armed with a stout bludgeon as a protection. Pray mind, no stranger is allowed to go near him in the stable, as he will take a man up in his teeth and shake him as a dog would a rat."

—Mr. Ensign Eldridge, a man who recently died in Chatham, Mass., had lived without food for 77 days previous to his death, it is said.

—Brigham Young, with several of the dignitaries of his church, but with fewer, if any, of his wives, has been in Philadelphia for the past ten days. He is negotiating for the purchase of a paper mill, which he proposes to set up in his city.

Fire.—Tuesday night last the stable of A. M. Baily, located a couple of miles from town, was destroyed by fire. There were in the stable at the time, seven horses, including two stallions, all of which were burned to a crisp. Mr. B. had the greater portion of his provisions stored in the stable, and the fire completely destroyed them. In endeavoring to subdue the flames, Mr. Baily himself was seriously burned about the head and left leg, although not dangerously so. It is supposed to be the work of an incendiary.—*Pontiac (Ill.) Sentinel.*

Hurricane.—There was a hurricane in the town of Patch Grove, in this county, on Tuesday of last week, which, we learn, did considerable damage to the crops and fences, besides blowing out windows and tearing down sheds and twisting off trees. Henry Patch, alone, is reported to have had property damaged or destroyed which was worth several hundred dollars.—*Grant Co. (Wis.) Witness.*
